PRACTICAL VASE INLAY

NL Bij de vazen kan een inlay besteld worden. Deze inlay valt precies in de vazen zodat de inlay niet opvalt. Door het gebruik van de inlay hoeven de vazen niet helemaal gevuld te worden met zand, waardoor het praktisch in gebruik is en ideaal voor binnengebruik.

De inlays worden geleverd met een watermeter. Deze meter geeft duidelijk aan wanneer de plant opnieuw water nodig heeft, dit zorgt voor ultiem gebruiksgemak!

EN All vases from the range can be ordered with an inlay. The inlay fits the vases exactly to ensure that it is visually inconspicuous. When the inlay is used, the vases do not have to be filled fully with sand, which makes them practical to use and perfect for indoor use.

The inlays are supplied with a water gauge. This gauge clearly indicates when the plant needs to be watered again, this ensures ultimate ease-of-use!

D Zu den Vasen aus dem Sortiment kann ein Inlay bestellt werden. Dieses Inlay fällt genau in die Vasen, sodass es nicht auffällt. Durch die Verwendung dieses Inlays brauchen die Vasen nicht völlig mit Sand gefüllt zu werden, was praktisch ist und ideal für die Verwendung im Hause.

Die Inlays werden mit einem Wasserstandsmessgerät geliefert, das deutlich anzeigt, wann die Pflanze wieder Wasser braucht. Also optimale Benutzerfreundlichkeit!

FR Les vases de l'assortiment peuvent être commandés avec des inserts. Ces inserts aux dimensions adaptées se placent dans les vases et sont pratiquement invisibles. Lorsqu'un insert est installé dans un vase, celui-ci n'a pas besoin d'être entièrement rempli de sable. Le système est très pratique et surtout idéal pour les intérieurs.

Les inserts sont dotés d'une jauge qui permet d'indiquer les besoins en eau de la plante. Un coup d'œil suffit pour connaître les besoins en arrosage!

PT Todos os vasos da linha podem ser encomendados com inlay. O inlay encaixa nos vasos com perfeição, tornando-se visualmente imperceptível. Quando o inlay é utilizado, os vasos não precisam estar totalmente cheios com terra, fazendo com que sejam de fácil utilização e perfeitos para interiores.

Os inlays são fornecidos com um medidor de água. Esse medidor mostra claramente quando a planta precisa ser aguada novamente, o que garante a sua fácil utilização!

PO Wazony z serii Art en Vogue mogą być zamawiane razem z wkładami wewnętrznymi. Wkład pasuje dokładnie do rozmiaru wazonu i jest całkowicie niewidoczny. Gdy używamy wkładu, nie ma konieczności wypełniania wazonu ziemią. Jest to wygodne i znakomicie nadaje się do wykorzystania we wnętrzach.

Wkłady wyposażone są w mierniki wilgoci. Miernik wyraźnie pokazuje kiedy roślina wymaga ponownego podlewania. Zapewnia najwyższą wygodę!
